

# MEMORANDUM

AGENDA ITEM V.E

DATE: MAY 6, 2013  
 TO: COUNCIL MEMBERS  
 FROM: STAFF  
 SUBJECT: SEVEN50: SOUTHEAST FLORIDA PROSPERITY PLAN

The Southeast Florida Regional Partnership, in association with the South Florida and Treasure Coast Regional Planning Councils and more than 200 regional partners, is proceeding with the creation of Seven50, Southeast Florida's Prosperity Plan.

The Partnership is developing Seven50, a seven-county, 50-year Southeast Florida Prosperity Plan that will reflect a regional agreement around priority investments in key areas of importance to Southeast Florida's future. When considered together, these issues will coalesce into a coherent strategy and investment plan in support of the future sustainability and economic prosperity of our communities and region.

The Council is working to develop Seven50 by the contract completion date of February 21, 2014. The following is a schedule of upcoming meetings and a description of each event, which includes:

Note #2: While these meetings will result in substantial input, the approved Outreach Plan and other efforts to reach the public as directed by the Outreach Subcommittee will be conducted parallel to this effort.

Note #3: Update Presentations by consultants and staff members may be requested by all Partners and will be added to this schedule.

**B) Connecting the Region's Civic Capital: Leadership Assets Map**

We are pleased to announce the upcoming launch of the newest Seven50 initiative. Please take this opportunity to preview your listing before the launch and see how the interactive map works. For more information, please go to the website: <http://seven50.org/leadership-assets-map/>

The Seven50 civic capital clearinghouse maps the region's nonprofit and civic leadership organizations and networks. It is a valuable tool to identify and connect with leadership organizations within specific geographic or topic areas.

**C) Seven50 Regional Digital Data Warehouse:**

The Seven50 Regional Digital Data Warehouse uses Geographic Information Systems technology in a user-friendly website portal for the public. The Warehouse contains data related to regional demographics, land use, housing, employment, transportation, infrastructure, natural systems and climate change impacts upon which maps can be extrapolated for analysis and information gathering. For more information on the Seven50 Data Warehouse, please go to the website: <http://seven50.sparcdata.com/login/?next=/map-gis/mvi>.

Agendas and other materials pertaining to the project and Partnership are available on the Seven50 website ([www.seven50.org](http://www.seven50.org)).
