Notes:

Agencies and Programs that have an asterisk (*) before their name are included in this database because they are referenced in another Agency's profile (but not in their own profile). For example, a Funder may identify a Program they fund for a Provider that did not submit a profile to First Call For Help. Agencies/Programs that start with "zz" indicate that the agency/program is no longer in operation or is no longer being provided.

Primary and Secondary Services

Primary services are defined as stand alone services offered to qualified clients. Secondary services are services that are provided to clients contingent on their receiving a primary service. For example: A primary service offered by a child care center might be day care. A secondary service would be the provision of food (breakfast and/or lunch) to children participating in the day care program.
